SPONSORED BY Eukanuba 

Some feedback since Eukanuba Cat's launch. What a few customers and owners have to say...

Dr. Katja Bler BVSc Veterinarian & Owner of Twisted Whiskers
Pet Deli & Spa

"My 8 cats are incredibly special ... I have great faith in the company. What I love about Eukanuba Cat is its formulation is based on feeding cats as carnivores. My cats are just incredibly healthy on it and most importantly they love it. I also recommend it extensively to clients and up to now I've had fantastic feedback."

Dr. Nadine Pappas BVSc (Hons)
Veterinarian, Marilyn Animal Clinic

"As vets we have a huge problem getting our cats in hospital comfortable and happy enough to start eating. We had a case, Tin Tin, that was in hospital a while back and didn't want to know anything of anything we gave him. We took one of our Eukanuba Cat samples, gave it to him and there you go, he was discharged the same day."

Amanda Pybus

Practice Manager, Fourways Veterinary Hospital

"In practice it's important for us to have good feedback and offer the best product for our clients and that's always been the case with Eukanuba. We can trust the product, we know the way it's manufactured. We know the kind of tests they do on the ingredients. We know the quality of ingredients and so at the end of the day we can feel confident in selling the product to our clients. I want my cats to be super-excited about eating a product. When I take out a bag of Eukanuba, I know my cats are going to enjoy it and look forward to getting it."

Maureen
Johannesburg

Ch'i, our "senior citizen", is a "law unto herself" and is most definitely The Boss in the household. She's mad about her Eukanuba Cat Senior and makes frequent visits to her bowl to snack throughout the day. Her coat is soft and full; she is bright-eyed, energetic and full of interest and intelligence. In fact, she is in glowing health and defies her age - 14 years.

Jane
Johannesburg

Chloe has only eaten Eukanuba Cat since the day we brought her home at 3 months old. She doesn't get any other food - human or otherwise. Because she gets all the nutrients and goodness she needs from her pellets, she doesn't beg for food and she has the most beautiful soft coat. We will never feed her anything else; she is perfectly happy and healthy.

Debbie
Port Elizabeth

I have two boys, Mischief and Tigger. They generally love their food, but after a month or two on their previous brand, they lost their appetite for dry food. I changed over to Eukanuba Cat Overweight/Starfeed and what a difference! They love it so much that, sometimes, they actually prefer it to their wet food, which is Tuna (For Humans!) I am also very happy to say, Mischief, although still eating the same quantity as before, has actually lost some weight.

Dear Exhibitor

Welcome to the show and thank you for the support.

We hope you and your exhibit/s will have a good day and enjoy the interaction with peers and feline friends.

If this is your first experience of an Independent show, herewith a few practical tips:

You can bench anywhere you like in the designated area, or leave your cats in their cages from the previous show. There are no reserved spaces. You are responsible for your cats throughout the day, including the litter tray, water and food, as well as handling and presentation. You may display any information or promotional material about your cat, breed, cattery, etc., but not any promotional material or brand names of competitors of our sponsors for the day.

In your envelope, you have

1. A catalogue. This indicates how your cat is entered in the standard classes. It also indicates the judge who will be expecting your cat on the table. Please familiarize yourself with the number of your cat and listen out for this number which may be called during the day, or during Best on Show. If a cat is called and there is no response within two minutes, the cat may be considered absent.
2. Two sets of number cards. The card with your name should be prominently displayed on the cage throughout the day to make the cat and cage instantly recognizable during the entire proceedings. The card without an identifying owner's name should be worn prominently displayed whenever your cat is presented for judging in the standard classes, Best in Show or photographing. Not wearing the correct number with the correct cat may lead to judging error and your cat may lose out. Slide the card into the clip-on badge from the bottom. Part of the card will protrude from the plastic at the bottom.
3. Due to the lack of stewards, exhibitors have to be alert and ensure that your cat gets to the judges table on time. Check at the judge's table early on during the show to estimate where your exhibit is on the list and approximately when it will be expected. You, or a representative appointed by yourself, must present the cat, as there are not enough stewards to handle the cats.
4. **Please advise the judge if a cat is absent or withdrawn.** Do not inform the show manager only – the judge should personally delete the number from the list, to prevent the steward trying to locate a cat and exhibitor.
5. A judge may correct any errors on the judging sheet, but may not change the exhibit number on the sheet.
6. It is your responsibility to know which awards (titles) were given to your cat, by which judge. The judge does not know this. **If a judge has already awarded a particular title certificate to your cat, please alert the judge that it is necessary to get a second judge's signature on the show report/award, otherwise the award will not be valid.**
7. Please take all your refuse with you and ensure that the benching area is clear and clean before you leave after the show. Anything not cleared by you will have to be cleared by a very weary and un-paid show manager personally.

 - An entity that shares the beauty of cats in the form of smaller, independent cat shows in the Western Cape country areas.
 - These shows require a minimum of 40 cats.
 - Awards obtained on these shows carries country-wide, national recognition.

About OSRBG

The Oriental, Siamese & Related Breeds Group is a South African Breeders group started in the 1990's as a group of cat breeding enthusiasts, affiliated to the Governing Council of the Associated Cat Clubs of South Africa, which became The Southern Africa Cat Council (SACC). The group staged Championship shows in 2000, 2007, 2008 and 2009.

It de-affiliated from SACC in 2010 and became a sub-club of the Cat Association of Southern Africa (CASA), a World Cat Federation (WCF) affiliate.

In 2012 the group de-affiliated from CASA as a sub-club and joined the leagues of the newly formed Independent Cat Clubs in South Africa. The first Independent show was in Kimberley during 2013.

About SAC@TS

Sac@ts Breeders group was one of the first Breeders Groups to affiliate to the Southern Africa Cat Council.

It represented all breeds of registered cats and their breeders, but concentrated on representing the rarer breeds, without any specific group of their own.

The rules and sentiments in SACC changed to such an extent over the years, that by 2013 Breeders Groups became obsolete for practical purposes. SAC@TS proposals and votes made no impact or difference in the represented breeds for a few years preceding 2013 and the membership dwindled to below the minimum number required to retain the affiliation with SACC, according to the Breed Group Rules and Constitution. SAC@TS was forced to de-affiliate from SACC in July 2013. The remaining members were unanimous in the decision that the group should not dissolve, but remain active as an Independent club. Today is the 1st Independent show in the unique format of a Ring Only show.

THE SHOW SYSTEM EXPLAINED

The Independent clubs in South Africa use the same system and titles as the WCF, Fife and European Independent clubs. This is an international system, requiring travel to different countries/regions/provinces to attain titles higher than Champion/Premiers. Many exhibitors find it difficult and expensive to travel to different regions within South Africa. For this reason the WCF affiliate, CASA introduced a unique system of “South African National Titles”, not unlike the national titles awarded in countries like Israel and the LOOF in France. This means exhibitors have the choice of either pursuing International titles for their cats, or National titles, giving cats of high quality the recognition they deserve in the form of formal titles, even if only competing within their own region. National titles are only recognized within South Africa, but will be indicated on the pedigrees of any exported offspring. A cat wanting to follow an International career up to the title of World Champion will have to remain on the International option of titles and follow through with these rules. AICA recognizes these titles reciprocally, as do the other Independent clubs in South Africa.

The International and National titles are won according to the following guidelines and rules:

Kitten Champion/Premier – 3 CACP/CAPP at national or international shows from 3 different judges. 90 points required for this award. (Kittens 3 -6 months)

Junior Champion/Premier – 2 CACJ/CAPJ at national or international shows from 3 different judges. 90 points required for this award. (Juniors 6 – 10 months)

Champion/Premier – 3 CAC/CAP at national or international shows from 3 different judges. 93 points required for this award.

International Champion/Premier – 3 CACI/CAPI at 3 international shows from 3 different judges in 2 different countries or regions. 95 points required for this award.

National equivalent: SA Grand Champion/Premier – 3 CACI/CAPI at 3 national or international shows from 3 different judges. 95 points required for this award.

Grand International Champion/Premier – 3 CAGCI/CAGPI at 3 international shows from 3 different judges in 2 different countries or regions. 97 points required for this award.

National equivalent: SA Double Grand Champion/Premier – 3 CAGCI/CAGPI at 3 national or international shows from 3 different judges. 97 points required for this award.

European or Continental Champion/Premier – 3 CACE/CAPE at 3 international shows from 3 different judges in 3 different countries. 97 points required for this award

National equivalent: SA Triple Grand Champion/Premier – 3 CACE/CAPE at 3 national or international shows from 3 different judges. 97 points required for this award

Grand European or Continental Champion/Premier – 3 GCACE/GCAPE at 3 international shows from 3 different judges in 3 different countries. 98 points required for this award.

National equivalent: Supreme Champion/Premier – 3 GCACE/GCAPE at 3 national or international shows from 3 different judges. 98 points required for this award.

Double Supreme Champion/Premier – 6 GCACE/GCAPE at 6 national or international shows from 6 different judges. 98 points required for this award.

Triple Supreme Champion/Premier – 9 GCACE/GCAPE at 9 national or international shows from 9 different judges. 98 points required for this award.

(CACM/CAPM certificates needed for the World Champion/Premier title can only be awarded at WCF shows.)

The Extreme Cats Competitions

Extreme Cats Competitions can be held as fun side-classes at cat shows. The metrics of these measurements are available on the SAC@TS website (<http://sacatsbg.weebly.com>). All cat clubs are free to use them to add some fun to their shows.

Over time, a database of measurements will be grown that may be of value in research projects.

The first competition of this kind in SA is to be held on 28 September 2013 in Robertson, Western Cape. Therefore the winners on the Robertson Show will automatically become "Western Cape Record holders" as well as "South African Record holders".

MEASUREMENTS

Except for Largest Litter Size, a specific metric is set up for each measurement. The measurement must be performed by two different measurers. The result obtained by the two different measurers must agree within a predefined margin.

EXTREME CLASSES

Except for Largest Litter Size, all extreme classes will always end up with **two winners**, one at each extreme end of a feature that is to be measured. The extreme classes currently are:
